

APICS Enterprise Membership Application

Empower your organization with knowledge

APICS enterprise membership is a flexible, convenient, and cost-effective way to empower your employees with the knowledge to succeed in operations and supply chain management.

APICS enterprise membership provides full benefits to five or more employees, whether at a single site or multiple locations. Your organization holds the membership, so you may transfer an individual membership to another employee at any time. And, the more enterprise members who join APICS, the more you save.

APICS enterprise membership features

- **Tiered savings**—a tiered dues structure with savings based on the number of employees.
- **Transferability**—transfer individual membership to another employee within the organization at any time.
- **Centralized billing**—the convenience of a single billing contact.
- **Flexibility**—add, change, or remove members at any time.
- **Account management**—standard customer support is provided for tier one; enhanced account management with reporting and maintaining membership roster for tiers 2 and 3.
- **Local membership**—individuals within 50 miles of a chapter or international associate are assigned to the closest local partner.
- **Certification maintenance**—enterprise members earn 6 points for every year toward maintaining their APICS certification.
- **Enterprise professional members and enterprise professional e-members are eligible to vote and hold office.**

Enterprise membership components

Enterprise Professional Member—Each of the enterprise professional members receive full membership privileges, including an APICS membership card, member publications and resources, access to the members-only content on the APICS Web site, and savings on APICS educational products and services. To receive member benefits, employees from an enterprise member organization must use the designated corporate billing ID number.

Enterprise Professional e-Membership—Available to organizations with 25 or more enterprise members, this new membership type enables companies to provide more employees with access to valuable APICS content, products, and services. For more information contact APICS Corporate Services at corporateservices@apics.org.

Enterprise Billing Contact—Your enterprise must designate a single employee as a billing contact for the enterprise membership. The enterprise member cards and renewal details are sent to this individual. This contact can be one of the enterprise professional members or someone else within the company. No membership benefits apply.

Enterprise Membership Dues—Enterprise membership dues are \$1,000 for the first five members (\$750 for APICS corporate dues and \$250 for the chapter dues portion). Additional members may be added according to a tiered dues structure.

Manage Your Membership—To make changes to your company's membership, submit updates to your APICS Account Manager or APICS Customer Support, attention enterprise membership updates, by fax at (773) 639-3011, call (800) 444-2742 or (773) 867-1777, or by e-mail to service@apics.org.

Chapter Affiliation

APICS encourages all members in North America, whose business address is within 50 miles of a chapter, to belong to a chapter. If not specified, nearest chapter will be assigned.

*Commercial Third-Party Mailing List Exclusion Policy

APICS respects and protects your privacy. The contact and profile information that you provide will be used by APICS and its affiliated chapters to communicate with you about your membership and related programs, products, and services. You may also be invited to participate in surveys and research studies that enable us to better meet your needs as an APICS member and promote the profession. On occasion, APICS may provide limited contact information to third parties that offer programs, products, and services that our members may find of interest. The contact information includes name, job title, company, and preferred address, but does not include phone, fax, or e-mail address. To exclude your name, check the space provided on the form.
