- Class includes student materials, online access and exam credit
- \$3000 for members, \$3200 for non-members including APICS Membership.

"While I attended APICS classes, I was quick to realize the valuable resources being introduced. As a professional in the supply chain world, I was able to immediately apply a number of the topics presented by APICS to our day-to-day activities. APICS has set me apart from my peers, as I am now able to present ideas and tactics that are not readily understood by everyone. I am grateful for the knowledge I have received and am excited of the possibilities going forward" **Dan Clement, Distribution Center Manger, Brewers Supply**

Colorado Chapter Courses for CLTD: *We have room for 15 students*

- **Classes for Fall 2017 will begin in October, Schedules will be published in July 2017**
- **Fall CLTD classes will be offered at AT&T/DirectTV, Englewood, Colorado**
- Class includes student materials, online access and exam credit
- \$2600 for members, \$2800 for non-members including APICS Membership.

"I was fortunate to get enrolled in the first ever CLTD class provided by APICS. The class was well put together and closely related to what I do on a daily basis. APICS provides five books and an online portal specifically for the CLTD class with all the necessary material and practice tests. There were many participants in the class from different industries and various areas within their companies so it was a great platform to learn from other's experiences. I walked away with a better understanding of Logistics and how it impacts all areas of the supply chain, as well as the increasing importance for companies to have a well-planned and efficient supply chain. I will be able to take the knowledge I gained from this training and apply directly to my job." **Ben Osenbaugh, CPIM, CLTD, Fluid Transportation Manager, WhiteWave Foods**

If you have interest in this program, you can contact Karla Biggs-Gregory at 303-334-6971 / karla.biggs-gregory@oracle.com or Roger Harris at (303) 271-1818 / rharris@msstech.com

Colorado APICS Certified in Production and Inventory Management (CPIM) Program

CLTD Learning System Components:

The CLTD Learning System is a comprehensive professional development program that will help candidates prepare for the CLTD examination. The learning system is based on the CLTD body of knowledge and features print-based study modules as well as online tools, including an assessment component that enhances the learning experience by enabling participants to check the progress of their studies and their understanding of the content. - Class includes student materials, online access and exam credit
- \$3100 for members, \$3340 for non-members including APICS Membership.

"In late 2010 I became an APICS member and decided to make obtaining my CPIM a personal objective and a professional development goal. I just completed the series of weekly classes and yesterday, I passed the 5th and final test. I have to give a lot of credit to the course structure and instruction from the good folks at APICS Colorado Chapter 81 in helping me to attain this goal. I would highly recommend this program to anyone looking to improve their knowledge in the area of operations management." **Nathan Braddock, CPIM, CSCP, Associate Manager, Materials Management and Logistics, Merck, Inc.**

"After recently obtaining my CPIM certification through the completion of all the APICS requirements, I can honestly say it has greatly broadened my understanding and capacity to function at not only the tactical level, but also the strategic level within the Supply Chain Management organization. The information and insight provided by the APICS instructors through the learning material is truly invaluable in today's complex, global realm of business." - **Brett Horacek, CPIM, CSCP, Supply Chain Manager, Hospira, Inc.**

"I'm glad I took the CPIM courses because I don't think I could have passed the exams otherwise. I still keep in contact with some of the instructors, so my attendance at the CPIM courses is still paying off." **Kevin Morningstar, VP Operations, SilverGlide Surgical**
