APICS Certified Supply Chain Professional (CSCP)

CSCP Learning System Components:

The CSCP Learning System is a comprehensive professional development program that will help candidates prepare for the CSCP examination. The learning system is based on the CSCP body of knowledge and features print- based study modules as well as online tools, including an assessment component that enhances the learning experience. Get more information at: <http://www.apics.org/CSCP.com> or <http://www.learnscsp.com>

CSCP Examinations are on demand at testing centers throughout Colorado

Eligibility for CSCP: Must submit application of eligibility at least two weeks prior to exam registration

- CPIM/CFPIM/CIRM/CLTD/CTL/CPSM/SCOR-P/C.P.M./CSM Certification
OR
- Bachelor's degree or international equivalent and 2 years supply chain experience
OR
- Five years supply chain experience

CSCP Modules (Newly re-designed modules)

- Session 1: Fundamentals of Supply Chain Management
- Session 2: Supply Chain Strategy, Design and Compliance
- Session 3: Implementation and Operations

Colorado Chapter Courses for CSCP: *We have room for 15 students*

- Class includes one set of student materials, including online access and Exam Voucher
- \$3000 for members, \$3200 for non-members **including APICS Membership**. Retakes are \$350
- **To Register Contact Karla Biggs-Gregory at (303) 334-6971 or (303) 421-0797 or apicsco81@aol.com**
-

"While I attended APICS classes, I was quick to realize the valuable resources being introduced. As a professional in the supply chain world, I was able to immediately apply a number of the topics presented by APICS to our day-to-day activities. APICS has set me apart from my peers, as I am now able to present ideas and tactics that are not readily understood by everyone. I am grateful for the knowledge I have received and am excited of the possibilities going forward" **Dan Clement, Distribution Center Manger, Brewers Supply**

**If you have interest in this program, you can contact Roger Harris, VP of Education
(303) 271-1818 or rharris@msstech.com**

CPIM Accelerated Courses

Again this year we will be offering a chance to sign up for the CPIM certification courses at one time and be assured that the classes would not be canceled.

- The program will consist both Part 1 and Part 2 of the CPIM Program unless you have already started taking a course, in which case your fees will be adjusted.
- One price will include both course fees and exam credits, online learning component and all participant workbooks \$3000 for APICS Members and \$3300 for Non-Members (including Membership)
- Payment for all courses is due before the start of the first course.
- **Minimum of 12 students must enroll.**
- Classes will not be canceled (even if some students drop out), since they are scheduled and paid for by the whole class in the beginning.

**Accelerated classes at AT&T, Englewood, CO will be held on Saturdays for 8 hours
8 am until 5 pm (1 hour lunch)**

- Part 1 (Basics of Supply Chain Management) Completed
- Break
- Part 2 (SMR/MRP/DSP/ECO) October 2017 – January 2018

**If you have interest in this program, you can contact Roger Harris, VP of Education
(303) 271-1818 or rharris@msstech.com**

STOLLE MACHINERY The APICS classes were the best way I could have studied for the CPIM testing. They were very convenient to take while I worked, even during the busiest part of the year. Eight hour classes may seem like a lot on a Saturday but the instructors are so energetic and dedicated to you understanding the material that the time flies by. By the end of each class I had a brand new understanding of concepts I wasn't able to grasp by just using the study material alone. One of the coolest aspects of APICS was the community. The classroom consisted of peers from all different walks of life and job perspectives and the out of classroom activities introduced me to even more people of the APICS community. **Aaron Littlefield, Manufacturing Engineer, Stolle Machinery Co**

After completing the CPIM classes, I am able to see the supply chain world in a more comprehensive and cohesive way. The instructors were wonderful; I gained so much knowledge in each class. I strongly believe that the interaction with instructors and classmates was a huge help since I was able to listen to different personal experiences. I recommend it one hundred percent; it is worth the time and effort! **Brigitte Mendoza, Strategic Customer Supply Specialist, Boulder Brands**

APICS Certified in Logistics, Transportation and Distribution (CLTD)

CLTD Learning System Components:

The CLTD Learning System is a comprehensive professional development program that will help candidates prepare for the CLTD examination. The learning system is based on the CLTD body of knowledge and features print-based study modules as well as online tools, including an assessment component that enhances the learning experience.

CLTD Examinations are on demand at testing centers throughout Colorado

Eligibility for CLTD: Must submit application of eligibility at least two weeks prior to exam registration

You must meet one of the eligibility requirements below

- > CPIM/CFPIM/CIRM/CSCP/CTL/CPSM/SCOR-P/C.P.M./CSM Certification
- > Bachelor's degree or international equivalent
- > Three years supply chain experience

CLTD Modules

- > Logistics, Capacity Planning and Demand Management
- > Order Management, Inventory and Warehouse Management
- > Transportation and Global Logistics Considerations
- > Logistics Network Design, Reverse Logistics and Sustainability

Colorado Chapter Courses for CLTD: *We have room for 15 students*

- > **15 student limit**
- > Classes October – December 2017
- > Classes are offered at AT&T Englewood, CO
- > Class includes student materials, online access and exam credit
- > \$2600 for members, \$2800 for non-members **including APICS Membership.**

**If you have interest in this program, you can contact Roger Harris, VP of Education
(303) 271-1818 or rharris@msstech.com**

"I was fortunate to get enrolled in the first ever CLTD class provided by APICS. The class was well put together and closely related to what I do on a daily basis. APICS provides five books and an online portal specifically for the CLTD class with all the necessary material and practice tests. There were many participants in the class from different industries and various areas within their companies so it was a great platform to learn from other's experiences. I walked away with a better understanding of Logistics and how it impacts all areas of the supply chain, as well as the increasing importance for companies to have a well-planned and efficient supply chain. I will be able to take the knowledge I gained from this training and apply directly to my job." **Ben Osenbaugh, CPIM, CLTD, Fluid Transportation Manager, WhiteWave Foods**

"I recently completed the new CLTD class. I would recommend this course for anyone who is employed in that area of supply chain management or anyone that wants to expand their knowledge base. It is a very comprehensive course covering all aspects of logistics, distribution and transportation. The course is taught by our Chapter 81 subject matter experts with an emphasis on preparing us for the exam. Great class!" **John Koed, CSCP, Sr. Director of Worldwide Indirect Procurement Operations. Seagate Technology.**
