

APICS Membership Benefits Extension form Military Reservists

While you serve your country, APICS is here to serve you. APICS proudly extends benefits and services to those members whose careers have been interrupted because they have answered a call to serve. APICS members requesting an extension of benefits due to activation of reserve commitments may use this form to request a no cost, six-month extension of their benefits. Chapter presidents must approve completed forms. Members approved for this extension will receive electronic membership for the duration, which entitles you to electronic communication of all member benefit materials. All other member benefits will remain the same such as local chapter membership, training and certification exam registration at membership discounted rates, and eligibility for certification maintenance points. Reservists have two options to use this benefit.

Option 1 - If upon release from reserve duty you discover your membership has expired, use this form to reinstate your membership for six months, without payment.

Option 2 - If you receive a membership renewal notice while on duty and you wish to renew, use this form to extend your membership for six months, without payment.

The APICS community salutes your commitment to service and country. Thank you.
